RE: **LETTER OF REFERENCE**

To Whom It May Concern:

The purpose of this letter is to share with you my experience working with Mr. Galido.

I established a professional relationship with Mr. Galido in 2005 based on my firm's decision to employ his services to develop our current website [www.bluecrownfunding.com](http://www.bluecrownfunding.com). My goal was to own a website that would have good market presence with industry specific content that is informative, however, simple and effective.

Initially, I did not know what to expect from him and what the outcome would be. However, after I received my consultation and detailed plan of how my goals would be achieved. I was confident that my firm had made a wise choice and investment utilizing Mr. Galido's expertise.

He is competent and very knowledgeable about the USA/Global standards of website design/development and functionality. I found him to be dependable, honest and always responsive to my inquiries, long after the project had been completed. I can count on Mr. Galido to provide timely technical support and business solutions to ensure my website is user friendly and ranked in the top 10% of customer searches on the internet for commercial mortgages.

Mr. Galido's work is superior and is well worth the money spent!

If you have any questions, please give me a call directly to further discuss, I can be reached at (714) 835-8530 in my office.

Sincerely,

Charles Wesley Williams, Principal
